

Guide to Making a Supermarine Spitfire Paper Plane

1. Fold Paper in half	2. Open and fold a middle point	3. Fold down the tip	4. Make a point – fold the sides in	5. Make an envelope shape – fold the tip over
				
5. Bend the tip up	6. Turn over and place on its side	7. Fold in half	8. Fold down from the top to create wings	9. Open out the wings
				
10. Draw this shape	11. Cut out the shape	12. Fold over wing tips	13. Fold up a triangle wedge shape – turn over and fold the wedge back over the other way	14. Pull the bended wedge into the inside of the plane to point up – well done
